X

Surface Mounted

Low Profile

Anodized
Aluminum Profile

LINEO FEATURES

- Cut to size and ready to install
- Simplified interconnexion with push-in wire connector
- Only the highest quality UL Listed LED strips
- Includes LINEO Drive technology for constant light output from start to end of installation
- Anodized aluminum finish

Picture from the « 1630 Columbia Road, Washington Dc » project

LINEO S7X Series

Surface mounted / Anodized aluminum profile / Low profile

All our luminaires are cut to your exact specifications

Profile Dimensions

SPECIFICATIONS

Lighting Input Voltage	24Vdc from class 2 power supply
Power Supply Input Voltage	120 – 277Vac
Power	60 - 96W max. per circuit
Installation	Indoor only / power supply may be installed inside cabinets with integrated junction box
Operating Temperature	-20° - 45°C
Lens	Frosted Polycarbonate UV Resistant
Color Rendering Index (CRI)	> 90
Beam Angle	120°
Warranty	2 Years

Installation Overview

Connecting wires to the luminaire connector

- Works best with 18 awg TR64 or UL1007 type wires
- Strip the wire about 8mm or 5/16"
- Push firmly inside the connector
- Insert a small screwdriver into the top opening to help insertion or removal of the wire

LINEO R8 Series

For recessed mounted applications

All our luminaires are cut to your exact specifications

LINEO Series

3 ways to work with our LINEO Series

1- Standard Length

Fully assembled luminaires and a wide range of standard lengths to choose from.

(prices page 8)

2- DIY

Buy the components and make your own luminaires. It's easy.

(prices page 12)

3- Custom Built

Your multi-residential project can be customized in length, color and light output. We ship in kits ready to be installed on site.

(prices page 16)
